

Bay View, South Dartmouth, MA

The property is designed as a family compound in a summer community on Buzzard's Bay.

Located on a waterfront lot, it consists of a main house with 5 Bedrooms, a two-car garage with storage bay and an upstairs guest suite, a poolhouse and pool. The main house and garage connect by a covered walk. Each living space in the home is provided a direct view of the water. Front & rear porches welcome the visitor and offer shaded outdoor sitting spaces.

The architecture of the home is traditional shingle-style. The siting of the structures is intended to take advantage of the water views.
